FA804	6' toolbar, headstock, clamps, wedges and 2 x 20" disc hillers

BERENDS MERBEIN PLOUGHS

- Available in 2 disc and 3 disc units for either side. If using only one unit on a toolbar it is recommended that a rear coulter is fitted.
- 6', 7' and 8' toolbars
- Ploughs can be adjusted for width along the toolbar and fitted to either mound beds (see picture below) or form shallow channels.
- Should be operated in cultivated soil.
- A range of tines and points are also available to suit this toolbar.

0520 & 0528	2 Disc w/- 6' Toolbar
0520 & 0530	2 Disc w/- 7' Toolbar
0520 & 0532	2 Disc w/- 8' Toolbar
